

World Courier (Sweden) AB

Trust. It's why more leading pharmaceutical companies rely on World Courier than any other specialty logistics company in the world. Companies trust us to transport and store their time- and temperature-sensitive products because they value the peace of mind that comes with our unsurpassed knowledge, global reach and flawless supply chain execution. Each trusted partnership we form with a customer is deeply rooted in our shared vision of improving global health — and it starts with gaining a holistic understanding of their strategic business objectives. With this knowledge in hand, we design and execute world-class logistics processes that mitigate risk, maximize the return on R&D investments and advance medicine. No other specialty logistics company has the experienced personnel, global offices and in-market expertise required to ensure the optimal handling, transport and delivery of vital healthcare products. When trust is absolutely essential, there's only one choice: World Courier

Description

World Courier is the largest specialty courier company in the world with over 140 company-owned offices around the globe. We handle every shipment containing biological specimens, investigational drugs, vaccines, etc on an individual basis by our own trained and highly skilled employees.

Assurance of quality

Every World Courier office is ISO 9001 and ISO 14001-certified. The Stockholm Office was awarded AEO-certification in 2011.

World Courier is the only specialty courier service who's SOPs and systems meet the rigorous requirements of these independent certifications - the world's gold standard in quality assurance.
