

GAEU Consulting AB

Regarding Horizon 2020 and other types of public innovation funding GAEU Consulting is the market leading EU grant consultancy firm in Sweden. Every year we produce a huge number of high quality grant applications (e.g. SME Instrument applications for Immunovia (granted 4,25M€) and Clinical Laserthermia Systems (granted 2,1M€)). Our expertise is concentrated in Europe's largest private knowledge hub for EU funding, the GAEU Horizon 2020 Center of Excellence. Reference list on www.gaeu.se

Description

All across Europe new groundbreaking innovations emerge every day. In the center of all this you find GAEU Consulting. We are experts in Horizon 2020 and other types of national and international public innovation funding. By producing highly competitive grant applications our mission is to stimulate companies within Life science, ICT and Cleantech to realize their business goals. Our expertise is concentrated in Europe's largest private knowledge hub for EU funding, the GAEU Horizon 2020 Center of Excellence.

Regarding Horizon 2020, Vinnova and other types of public innovation funding GAEU Consulting is the market leading EU grant consultancy firm in Sweden. Every year we produce a huge number of high quality grant applications (e.g. SME Instrument applications for Immunovia (granted 4,25M€) and Clinical Laserthermia Systems (granted 2,1M€)).

Assurance of quality

On our website we present the longest reference list of granted Swedish projects - among them some 10+ granted Horizon 2020 SME Instrument projects. Our winning recipe is customer cooperation in good faith combined with excellent project applications. Among others, our staff includes several PhD's in Biophysics, Biochemistry and Molecular Biology.
