

ImCred Patent

ImCred Patent AB is a consultancy company specialized in intellectual property (IP) matters within the life science area. ImCred Patent provides advise with a heavy focus on IP-strategy and the US patent law, particularly IP-matters in the interface between patent laws and regulatory laws. The Company was founded 2010 by Ann-Sofie Sternås. In addition to its own competence, ImCred Patent can offer a global network of top-quality IP lawyers, investors and CRO´s.
